

# RECOMMENDED MOUNTING INSTRUCTIONS

## For Light Series - 112HR-AC and 212-AC (120V AC)

**\*\*\*Proper installation of this product is the sole responsibility of the installer\*\*\***

1. Locate a flat surface and position light parallel to the ground.
2. Use center-punch if available to start four (4) mounting holes - See diagram below. Drill the four holes out using a 1/4" drill bit.
3. Insert wire through center hole and position mounting bolts in holes.
4. Connect **Black/Black** duplex to your 120V AC power source
5. TEST LIGHT
6. Install washers and hex nuts and tighten down mounting bolts until gasket seals light to the surface

**\*DRAWING NOT TO SCALE\***

**\*\*\*\*\*CLEAN DOME WITH WATER ONLY\*\*\*\*\***
